Subject: Invitation: Site Visit to GP-Crossett

Phil and Russell,

We have coordinated a site visit to GP-Crossett on Friday, April 1 and GP has asked if any of you or any of your staff would be interested in coming. As it stands now the visit would include WWTP for the facility, Ouachita River near Mossy Lake and 2-3 potential reference streams for the UAA. It would be a very full day and we are heading down the night before. GP needs to know how many folks are coming by the end of the day. I know its short notice but just got it scheduled with GP and we wanted to let you know of the invite. If you can make it please forward the names to me. Thanks.
